Operational procedures for clients dealing in Threadneedle Pooled Pension Funds

These procedures are designed to enable us to process your instructions promptly. Please also refer to your Policy Terms which govern the allocation and redemption of units.

Requests to Deal

- Please use the Dealing Form on the reverse of this document for all transactions.
- Please advise us, by **11 a.m.** on the dealing date, the details and amounts for investment, disinvestment and switches, including the share class name(s).
- All instructions must be signed by the appropriate number of authorised signatories.
- Please select Switch on the Dealing Form on page 4 of this document if you intend to move between funds and indicate clearly the direction of Switch +/- on the form. NB a Switch* into the Sterling Fund (from a fund/share class other than the Sterling Fund) will result in the subscription of the Sterling Fund being instructed on T+3. This is to ensure settlement of the Switch Out (of a fund where settlement is T+4) and Switch In (Sterling Fund settlement is T+1) match on the same day and there is no mismatch. For example a Switch instruction (on 'T') of GBP100.00 from Global Select Fund into Sterling Fund:

T	T+1	T+2	T+3	T+4
'Switch -' (Out/ Redemption): Global Select Fund GBP100.00				Settlement Out: GBP100.00
			'Switch +' (In/ Subscription): Sterling Fund GBP100.00	Settlement In: GBP100.00

* this transaction will be a 'redemption' and a 'subscription' and not a 'switch out' and 'switch in'

Payments

Investments – Electronic Bank Transfers

- Monies must reach our account by close of business four business days following the dealing day (T+4) for all Funds other than the Sterling Fund for which monies must reach our account by close of business the following dealing day (T+1).
- Late receipt of monies may be subject to an interest charge and may result in the cancellation of units. Non-receipt of monies will result in the cancellation of units and a possible charge being made.

Statement of Demands and Needs

The information below is to help you understand how the products you have selected meet your demands and needs. As you have not received any advice or a personal recommendation from us as to the suitability of the products, you will need to make your own choice as to how to proceed.

Threadneedle Pooled Pension Funds are designed to meet the requirements and needs of pension schemes exempt, approved or equivalent by HM Revenue & Customs (or platform firms whose investments are referable to exempt, approved or equivalent pensions business only) who are looking for their assets to gain exposure to pooled unit-linked funds with the objectives of the relevant Threadneedle Pooled Pensions Fund. The objective for each Threadneedle Pooled Pensions Fund can be found on the Key Features Document, available at columbiathreadneedle.co.uk.

For the products you have selected please check the relevant policy documents to see the terms.

APPROPRIATENESS ASSESSMENT

We are required by the Insurance Distribution Directive to determine whether a client has the necessary knowledge and experience in the investment field to understand the risks involved with an investment product.

As part of this assessment, we require confirmation that:

The Trustee has received a recommendation from an investment firm on the product being applied for, as required by Section 36 of the Pensions Act 1995 (as amended)

YES ☐ NO ☐

Investment Consultant Firm

Switch Instruction

For a switch from one share class of a Fund to another share class of the same Fund or a different Fund you are required to capture the switch transaction(s) you want to be placed on a one for one basis and not a many to one or one to many basis. The switch in will be placed on a date to ensure we do not have a settlement mismatch between the switch out and switch in. Please refer to the example on page 1. If you instruct a unit amount switch out, we will wait for the price of those units before we know the cash value to switch in. The switch in will be placed at the earliest opportunity. This transaction will be a 'redemption' and a 'subscription' and not a 'switch out' and 'switch in.'
